Subject: A visit to our community

Dear Ms. Jackson,

We hope you did receive our letter stating that we wanted to have you meet with other communities closest to the Pebble project but unfortunately Tami (EPA, Anchorage) told us you cannot make the time. You have to understand how big Bristol Bay is and where our communities are closer to the proposed Pebble project than Dillingham. I think you are being lead by a group that would like you to be heard by a certain group and not by the actually Villages near Pebble. We are disappointed but not surprised that we are being left out again and or voices are not being heard.

Best Regards,
Lisa
